

TRIPOD FERTILITY

NEW POLICIES AND SAFETY MEASURES

WE REMAIN OPEN

Our fertility services will remain open, including IVF and IUI cycles, during the state of emergency declared in Ontario. In keeping with Public Health and CMOH directives, we will follow COVID-19 **precautions and safety measures**, to reduce risk to all patients and staff.

PATIENTS

For our **new/prospective** patients, you can start your fertility journey with us by being referred by your family physician. We will be in touch as soon as we receive your referral.

For our **existing** patients who wish to start a new cycle with us, please email our nurses for further steps.
nurses@tripodfertility.com

VIRTUAL CONSULTATIONS

All **fertility consultations** will be conducted with our fertility specialists **virtually** through PS Suite. Our administrative coordinator will be in touch with you to organize your appointment.

All **education sessions** with our nurses will also be conducted **virtually**. Our nurses will organize a date and time for your education session.

If you have an **in-person appointment** with us, we have new policies to keep our staff and patients safe during this time.

APPOINTMENTS

For the safety of patients and staff, we will not be accepting drop in visits. You **must have an appointment** to be seen in clinic.

You will only be allowed into the clinic at your scheduled appointment time.

Please note: To minimize exposure risk to patients and staff, we ask **only** the patient who is scheduled for the appointment to attend. Please do not bring additional guests (including children).

IN CLINIC APPOINTMENTS

We will continue to conduct in clinic appointments for the **following visits:**

- Blood tests
- Semen analysis
- Cycle monitoring
- Medication pickup
- IUI/IVF procedures
- Prenatal/Obstetrical care
- Ultrasound scans:
 - Sonohysterogram
 - Pelvic
 - Dating
 - FTS/Nuchal translucency
 - Anatomy
 - BPP
 - Growth

If you have an **in-person appointment** with us, we have new policies to keep our staff and patients safe during this time.

SCREENING

A **COVID-19 screening questionnaire** will be sent to every patient prior to their in-person appointment. This must be completed prior to your visit.

An additional screening will be completed when you check in, along with your temperature taken.

PERSONAL PROTECTION

We require all patients to **wear a protective face mask** and **sanitize their hands** during each visit. If you do not have a protective mask, we can provide one.

We encourage all patients and staff to practice **physical distancing** and maintain a 2 meter distance.
